Your advisor will work with you to select up to seven self-paced courses in a variety of formats.

TEXTBOOK

- Includes all student materials
- Easy-to-follow teacher or instructor guides
- Assignments primarily graded by parent
- Lessons presented in both textbook and worktext format
- Tests and quizzes can be taken on paper (parent graded) or online for grades 5-12 (auto and advisor graded)
- Teaching approach is customized to fit your student and family

MIX & MATCH

Work with your advisor to build the perfect solution for your student. This can include a mix of textbook, online, blended, and build-your-own courses.

ONLINE

- Self-Paced classes available online 24/7
- Easy access to online classes via student portal
- Assignments are primarily auto and advisor graded. Online tests and quizzes are graded immediately
- Pre-recorded lessons and interactive online activities
- Online assessments
- Built in assignment calendar to keep your student on track

• **Blended (1st-6th):**

Alternative assessments let you choose traditional testing or project-based assessments. Plus, use the online portal to enjoy a mix of online, offline, and worktext instruction and activities

• **Blended Online (1st-6th):**

Comes with online instruction and all print materials including student worktexts and instructor guide.

Submit assignments and tests at your own pace within the course completion window for each class

NOTE: Completion window is 300 days from start date.

Homeschool Academy Program Is Ideal for Students Who:

- ✓ Prefer a traditional homeschool approach
- ✓ Need freedom and flexibility in their day to day schedule
- ✓ Need freedom and flexibility in their yearly schedule as they pursue sports, entrepreneurship, travel or professional pursuits
- ✓ Have a medical condition that requires modified pacing of coursework
- ✓ Enjoy a block schedule over studying each subject each day

How Much Time is Needed Each Day?

Time spent each day varies from one student to another and can depend on whether you are using online or textbook. However, the average time for daily lesson content is as follows:

- **Pre-K/K:** 1 hr/day
- **1st-5th Grade:** 2 hrs/day
- **6th-8th Grade:** 3-4 hrs/day
- **9th-12th Grade:** 4-5 hrs/day

NOTE: Struggling learners or those with academic gaps may need more time

How it Works:

When you enroll in Bridgeway's **Homeschool Academy** program, you enjoy a program specifically designed for you and your student. This can include a mix of textbook and online courses, classes taken at your homeschool co-op or other educational partners, and independent study where you can build your own courses.

Students enjoy a mix of parent-graded assignments as well as auto-scored (for online) and advisor graded assignments throughout the school year.

Parents can reach out to advisors with academic questions or help with grading and feedback. Advisors can also assist with special assignments to close academic gaps or provide more challenge for advanced students.

Upon course completion, final grades are added to a student's permanent record or transcript, which can be easily accessed in your online portal.
