

Student Completion Data

Bridgeway Academy will utilize the Imagine Learning Edgenuity courses. Below is student completion data collected by Edgenuity directly related to Florida students. As we move forward, Bridgeway Academy will update data files to reflect students enrolled in the Bridgeway Academy VIP program.

Summary of Completion Data:

1. Overall Completion and Grade Performance:

- On average, Florida students completed **70%** of their courses.
- The average grade on exams was **78%**, indicating consistent student performance across various subjects.
- In comparison, Bridgeway Academy students consistently outperform these averages, with an **87.4%** overall completion rate and an average grade of **81.5%** across subjects.

2. Completion Data by Subject:

- Florida students showed consistent progress across subjects, with **Social Studies** having a slightly higher completion rate (**72%**).
- **World Languages** and **Electives** maintained completion rates of **70%**.
- Bridgeway Academy students consistently outperform these averages, with an **87.4%** overall completion rate across subjects.

3. Grade Level Trends:

- **High School Grades** (Grades 9-12) in Florida showed completion rates between **66%-76%**, with **Grade 12** achieving the highest rate (**76%**).
- Lower grades had more variability, with **Grade 4** achieving a **63%** completion rate, while **Grade 1** had **56%**.
- In comparison, Bridgeway Academy's students maintained an **87.4%** completion rate regardless of grade level, demonstrating the consistency and effectiveness of our learning programs across all age groups.

4. Special Programs:

- Florida students enrolled in **Gifted** programs had an **86%** completion rate, while **Special Education (SPED)** students had a **63%** rate.
- Students in **504 Plans** demonstrated a **80%** completion rate.
- With Bridgeway Academy's completion rate of **87.4%**, our approach supports both advanced learners and those needing additional accommodations, ensuring that every student receives the resources they need for success.

5. Completion Rate by Gender:

- In Florida, female students had a higher completion rate (**75%**) compared to male students (**70%**).
- The "Unknown" category (non-specified genders) had a **67%** completion rate.
- At Bridgeway Academy, the overall completion rate of **87.4%** indicates strong engagement across all genders, reflecting our inclusive and supportive environment for every learner.

This report demonstrates that Bridgeway Academy's students are achieving notably higher completion rates compared to the Florida state averages, reflecting the success of our instructional methods, student support services, and commitment to personalized learning. With a focus on maintaining and even improving these outcomes, Bridgeway Academy will continue to leverage the benefits of Edgenuity to deliver high-quality, engaging education for all students.
